

STCW Updated Proficiency in Medical Care

For Masters and other persons who are designated to take charge of medical care on UK or EU flag vessels, who are required to undertake updated training in Proficiency in Medical Care on Board Ship every 5 years.

Course Objectives:

Update the learner on changes in resuscitation and bleeds management

Refresh the learner's knowledge of the medication and equipment on the MSN 1905 Ships Medical Stores list

Fine-tune the skills required to carry out certain medical procedures

The course does require physical work that is carried out on the floor, so anyone with injuries that prevent them from doing that will be unable to complete the course and will have to rebook once they are fit and well

Location MSA Dover and MSA Portsmouth

Duration 3 days

Cost from £450
