

Maritime Skills Academy Gibraltar

Setting New Standards Together

MSA Gibraltar is a fully integrated partnership with the University of Gibraltar and a significant move to be positioned in Southern Europe.

For operators who have vessels in the Mediterranean or who use Gibraltar for visits, bunkering and crew changes, the facilities the University and MSA provide are second to none and perfect for their crew.

STCW courses available to book include:

4-part Basic Safety Training

Fire Prevention & Fire Fighting + Refresher

Advanced Fire Fighting + Refresher

Personal Survival Techniques + Refresher

Elementary First Aid

Medical First Aid

Proficiency in Medical Care + Refresher

Operational Fire Fighting

Our Operational Fire Fighting training programme is completely tailored to incorporate your safety management system and emergency response procedures.

Bespoke courses from 1 day (when vessel is in port) to 5 days with elements including:

- Effective search and rescue techniques
- Hose handling including stairs and ladders, rigging in a hot smoky environment
- Safe use on entry control board
- Safe casualty handling
- Organise and command fire parties
- Effective briefing and debriefing in an emergency
- Adaptable training environment
- Safety Management System to reality training

Accommodation

Accommodation is available upon request to suit your training budget. Please discuss your requirements with MSA Gibraltar.

*Transfers from ship to training facilities will be provided.
