

On board Polar Code Training (Basic)

Bahamas Flag Approved

Our Bahamas approved and Nautical Institute recognised Polar Code Basic course follows the STCW guidelines on safely operating a vessel in Arctic and Antarctic Waters. It has been developed by experienced Ice Captains and Ice Pilots, who are recognised leaders in the industry.

This course will be taught on board your vessel.

Course Objectives:

Learn about ice found in polar waters

Learn about the polar water regions where ice is found and related seasonal changes

Understand vessel preparedness, performance and capability in polar water regions

Understand emergency preparedness and response to emergencies in polar waters

Ensure compliance with pollution prevention requirements and how to prevent environmental hazards

Understand how to use international and regional regulations and codes whilst operating in polar water

Contribute to the safe operation of vessels operating in polar waters

Monitor and ensure compliance with legislative requirements

Apply safe working practices and respond to emergencies

This training forms part of the Continuing Professional Development that seafarers must undertake to gain the Ice Navigator Level 1 and Level 2 Certificate.

Basic (POLAB)

Location On board your vessel

Duration 4 days

Cost £1,200 per person, plus VAT, accommodation, flights and expenses
(minimum 4 people)
