

MARITIME SKILLS ACADEMY

Team Building

at The Maritime Skills Academy

The Maritime Skills Academy is a training centre based in Dover, Kent.

As a family-owned business, we specialise in maritime training, and team-building exercises.

Discover a different way to build strong team bonds by participating in a simulated abandon ship scenario from our survival pool complex, or by learning life-long fire fighting skills on our fire training ground.

Team Building with a Twist

Take part in simulated safety scenarios, where learning meets fun!

With elements taken from our Personal Survival Techniques, Fire Prevention & Fire Fighting, and Damage Control courses, we've created Abandon Ship, Fire Fighting & Casualty Rescue, and Sinking Ship activities.

This unique experience can be tailored to your teams, accommodating groups up to 16 people.

The additional option to complete two sessions in one day makes this a team-building day you'll never forget!

Starting from
£99/pp
